

Permanent Cosmetics

Pre-Treatment Care Instructions (Please bring signed)

Since delicate skin of eyes, lips, or brow areas may swell slightly, or redden, it is advised **NOT** to make social plans for the same day.

Please wear your normal make-up to the procedure. If you are having lips or brows done, please bring your favorite pencils.

If unwanted hair is normally removed in the area to be treated, i.e.; tweezing or waxing, the hair removal should be done at least 24 hours prior to your procedure. Electrolysis should not be done within five days of the procedure. Do not resume any method of hair removal for a week after the procedure.

If eyelashes or eyebrows are normally dyed, do not have that procedure done within 48 hours of this procedure. Wait one week after the eyebrow or eyeliner procedure before dying lashes or brows.

If you wear contact lenses and are having the eyeliner done, **Do not wear your lenses** to your appointment and do not replace them until the 5th day after the procedure. Must be clean or new. If you are having the eyeliner procedure done, as a safety precaution, in case of watering or swelling, we recommend that you have someone available, or accompany you, who could drive you home if you so decide, or if it is necessary.

If you are having Lips done and ever had a previous problem with cold sores, fever blisters, mouth ulcers, shingles or chicken pox, it is recommended that you obtain a prescribed Anti- **Viral Medications (such as Valtrex)** from your Doctor to prevent or minimize the outbreak. Fever blisters are common as a side effect of lip tattooing. You Must take any **(Precaution) prophylactic ANTIBOTIC Medication for Mitral Valve Prolapse** as you would if needed for Dental work.

AVOID the following things unless medically needed 48 hours prior to all procedures:

- Aspirin or similar products
- Alcohol
- Niacin and Vitamin E
- Gingo Biloba, Saint Wart or Evening Primrose Oil.
- All Clients must be off RETIN A or RENOVA 30 days prior to all procedures.
- Must be off ACCUTANE one year prior to all procedures.
- It is important not to Tan / Sunburn prior to and after any procedures.

Cosmetic and camouflage procedures cannot be guaranteed. These are experimental procedure(s) which may vary in results slightly from client to client. No Refunds.

I look forward to working with you. If you have any questions, you may call **BelFiore Spa 972-771-8411** for consultation with Donna Furr, Permanent Cosmetic Technician, SPCP
